

Structure characters

J9700k series are sensitive to temperature and current with sealed case. They can survive in kinds of impregnating process without any damage to inner parts.

Applications

J9700k series are widely used against over current and over temperature in AC & DC motor, different kinds pumps, heating electrical elements ,fluorescent ballast, transformer, house-holding appliances etc.

Parameters

Open temperature: $60^{\circ}\text{C} \sim 150^{\circ}\text{C} \pm 5^{\circ}\text{C} / \pm 8^{\circ}\text{C}$ (according to customer's requirement)

Rated voltage: DV48V/AC240V

Rated current: 15A
