

Structure characters

BRMS/BRMS-M series are designed with snap action type. They are made by automatic machines. They are sensitive to temperature and current with small size and long work cycles.

Applications

BRMS/BRMS-M series are used for protection against over current and over temperature in Notebook battery pack, mobile battery pack, power tool battery pack, electrical device and house-hold appliance

Parameters

Open temperature: $45^{\circ}\text{C} \sim 120^{\circ}\text{C} \pm 5^{\circ}\text{C}$ (According to customer's requirement)

Contact capacity: DC24V/5A AC120V/2A

endurance life: more than 10000 cycles

Certifications

UL : E189924
